

Instructions for connecting to a Codian IPVCR Live/Archive Stream

- Open Internet Explorer and browse to <http://ipvcr.kan-ed.net/>
(Front page show below)

- Click on '[Click here to log in](#)' (no log in required. You can also use guest with no password)
- Click on '[View recordings list](#)'
- Click on the '[Watch](#)' link across from the session for the KanREN Annual Meeting. (If you would like to test your system, please click on 'KanREN mtg test stream').
- Select the type of stream you would like to view and click on the 'Start Streaming' button.
- Note that you can adjust your Video size by clicking on '[show advanced streaming options](#)'. If there is no content being streamed, please deselect the box next to 'View content channel'.

Please Note

- The streaming applet requires that Java already be installed on your machine.
- If viewing the stream on a PC, please use Internet Explorer
- If viewing the stream on a MAC, please use Firefox.
